Mayo Force 2 has left Midway International Airport in Chicago and has landed at Westchester County Airport ( Saturday 1/8/22 ) in New York State on the CT boarder right next door to Greenwich/Stamford CT, home to many, many, of Hedge Funds. I will venture to say more than Manhattan itself. I know because I am from CT and I am a forman in the commercial construction sector and built many of thier offices in both cities. What's up with that ? Landing there is not the first time for Mayo Force 1 or 2 but is a rare occurrence. Maybe visiting Billionaire Thomas Peterffy ( founder, Chairman and largest shareholder of Interactive Brokers ) at his home in Greenwich CT ? Maybe Mayo boy's trying to convince Thomas to shut you Europoors off from DRSing/transferring to Computer Share ? LOL, only speculating, could be visiting any number of people in the financial world there because Greenwich/Stamford has a very high concentration of people in the Business/Financial sector and is one of the wealthiest cities in the USA. Don't know what is up with Mayo Force 1, been sitting in Midway International Airport in downtown Chicago all week. Maybe down for maintenance ? Well our favorite stonk got pounded this week even though we saw a lot of activity with it. Was nice to see over 12 million in volume Friday. Haven't seen that in a while. A certain coin is still dropping ( \$41,900 ) as of 1:48 AM EST Sunday 1/9/22. Maybe next week is going to be interesting ? Then again, maybe not ? GME to the moon ! ■ Take Care !
