Did you vote? Awesome if so! If not, why?

Just pointing out that beneficially owned shares when loaned out have the voting rights passed to the borrower.

Let that sink in for a second.... Has it? THE SAME PPL SHORTING ARE STEALING YOUR VOTES!

I digress. It is never to late to DRS. The float has not been locked yet. YET!

Food for thought: lots of ppl are realizing their brokers will not either allow, track, or guarantee a vote. WHY WOULD THEY WHEN ITS THEIR GAME BEING STOPPED?!

P.s- think of all the APES realizing they need to transfer. This voting could have created a MONSTER DRS WAVE! Are your shares safe? Is your vote?

Gme and RC need us. Quit dragging your feet. No DRS? Good luck getting all the tendies the DRS pool will lock down.
