When the SEC finally granted me 2 Whistleblower case #'s - SWAT came to visit me - and that Dr Trimbath called APES to my rescue.

My whistleblower complaints are against Goldman Sachs, Bain Capital, Mattel and their crooked lawyers who are snuck into our Federal systems of Justice.

Such plants are plain to see. Such as SEC Jay Clayton, and Steven Peikin. Plus there are Federal prosecutors like Colm Connolly, Ellen Slight & James Lackner who are regular betrayers of their oath of office.

Theres alsol another major betrayer of the publics trust named Clifford White da *turd*!

It is a regular Machiavellian plot to assure Wall Street is never held accountable for schemes & artifices to defraud.

Now those schemes are threatening Gamestop with Boston Consulting Group suing Gamestop; where a crooked lawyer named Colm Connolly is the Chief Justice presiding over the BCG v GME case.

Here is Colm Connolly's DOJ resume - <https://www.justice.gov/archive/olp/colmconnollyresume.htm>

####Colm Connolly's bad faith acts is a serious problem that needs to be addressed.

We simply cannot allow Al Capone to furtively arrange that the prosecutor over Al's cases is none other than Capone's sidekick - Frank Nitti.

Unfortunately, Laser Haas haters seek to assuage APES from using their common sense by gangstalking arguments that Laser Haas is not a real person, or that my commas are too many etc., etc

It's babbling bullshit nonsensical- detracting!

Odd how it doesn't matter that I've been suing to hold Colm Connolly accountable - since 2007.

####Regrettably- victim bashing works.

Obviously, there's a Brigade of bathers (*likely not APES*) who seek to quash the necessary discussion about Judge Colm Connolly being unfit.

Its so much easier to gang up on a victim/ witness - than to unify against Wall Street powerhouse - like Sachs & Bain.

As a victim of Wall Street racketeering - it overwhelmed me on how many APES offered shelter, money & more.

A few even offered to be my personal security!

The APES welcolmed me with open arms; and I'm grateful!

Subsequently, the gangstalking of Laser Haas haters have become a dark force; talking joy in kicking this victim / witness / whistleblower - in the groin, repeatedly.

Many bad faith people (*or possibly a few with multiple accounts*) chimed in with *ad hominem* attacks

posts that continue to have thousands of supporters.

It's truly disheartening....

Top arguments also include banter about my lack of formal education; and disparaging lies that have nothing to do with the core issues.

Core is the fact a bad faith lawyer named Colm Connolly was furtively arranged to be the Delaware United States Attorney.

Now Colm Connolly is the Chief Delaware Judge.

As the top Federal prosecutor over Wall Street fraud cases, Connolly failed to disclose his partnership of the MNAT law firm.

MNAT was secretly representing Goldman Sachs & Bain Capital whilst Colm was a partner of MNAT; which is a crime due to the fact MNAT was court appointed as both my & eToys law firm to fight against Sachs & Bain

Being that Connolly was observably failing to recuse himself from Sachs & Bain fraud cases; the fact that Colm was a partner in the crimes is Obstruction of Justice!

But the Laser Haas haters desire to distract from the many schemes & artifices to defraud; that continue to be protected by Colm Connolly's corruption.

#####eToys & Laser Haas case facts undeniable

Bad faith arguments by the Brigade includes misrepresent of the facts with errant documentation.

Many point to articles that eToys was closed in 2001; as the WSJ & other articles reported eToys was sold to Kay-Bee for \$3 to \$5 million in March 2001.

Additionally, other disingenuous persons remark Toby Lenk was CEO / Founder of eToys.

Lenk's own LinkedIn account points out he left in 2001.

Court records show Barry Gold became President/ CEO in November 2002.

The person who filled in the gap between March 2001, and November 2002; was yours truly.

However, MNAT as eToys Debtors counsel and Paul Roy Traub as eToys Creditor's counsel were colluding with each other to protect their secret clients of Goldman Sachs & Bain Capital to usurp me; and replace me with a co-conspirator Barry Gold - their bad faith arguments about who was running eToys - are pathetic attempts to ahoot the messenger!

First of all, you are referencing an errant WSJ report. Toby Lenk left once I came on board March 7, 2001; and I was not replaced until November 2002 (*by Paul Roy Traub's guy - Barry Gold*).

As stated, I had stopped the pathetic \$5.4 million dollar Bain Capital bid; forcing the sale prices up into the 10s of millions.

Then the crooks of MNAT (*with partner Colm Connolly*) along with Traub & Barry Gold illegally reduced sales prices to Bain Capital/ Kay-Bee- after locking me out.

Such schemes also are RICO/ Bankruptcy crimes!

Fiendish United States Attorney Colm Connolly refused to indict Sachs, Bain, MNAT or Traub because Colm Connolly profited from eToys crimes as a partner of MNAT.
<https://www.justice.gov/archive/olp/colmconnollyresume.htm>

The Laser Haas hating (___*detractors*___) are in reality arguing about the fact that MNAT as eToys Debtors counsel & Traub Bonacquist & Fox ("TBF") as Creditors Law firm - did not mention the position of Laser Steven Haas's company (Collateral Logistic's, Inc. {"CLI"}).

A review of the details clearly demonstrates that was a plot of those racketeers

Being that the Chief Judge (MFW) of Delaware Bankruptcy Court Ruled (October 4, 2005) had MNAT & Traub had *actual* conflicts of interest - then the arguments about no mention of who Laser Haas/ CLI was and what functions were performed - are arguments favoring MNAT, Traub, Goldman Sachs & Bain Capital whilst assailing the messenger/ victim/ witness/ whistleblower.

Only way these crooked lawyers can achieve -*undisclosed* - conflict of interest, is by ___PERJURY___

While the detractors here would have you think lies under oath are no big deal

..... - that's ___Bullshit___

Just look up John Gellene case "Eat What You Kill"

Gellene went to jail for a year, for 2 lies under oath.

In our eToys case MNAT & Traub lied dozens of times.

MNAT, Barry Gold and Traub makes what Gellene did - to look like child's play!

Goldman Sachs is partners with Bain Capital in organized crimes massive; including defrauding Mattel & eToys shareholders for over \$5 Billion dollars.

To make matters worse, Sachs & Bain's secret lawyers of MNAT and Traub betrayed their clients (eToys, the Creditors & shareholders) in order to unjustly enrich those secret clients for billions of dollars.

Detractors want you to victim bashing Laser Haas and totally ignore the fact MNAT & Traub are betraying their Court approved clients as if back stabbing clients is an okay thingy!

###Puhhhllleeeaaassee.....

Morris Nichols Arsh and Tunnell ("MNAT") was my & eToys lawyers hired to represent eToys against Goldman Sachs & Bain Capital.

Colm Connolly was a partner of MNAT; as such Connolly was one of my lawyers.

Therefore, Colm Connolly was forbidden by Law, protocols and common sense - to be prosecutor over my or eToys cases!

But MNAT lied under oath to become eToys law firm; whilst simultaneously representing Goldman Sachs & Bain Capital in other cases.

Those conflicts also are prosecutable crimes!

However,; in Delaware, the United States Attorney was Colm Felix Connolly; who just so happened to have his own conflict of interest as a secret partner of MNAT.

Here's Colm.Connolly Department of Justice resume PROOF

<https://www.justice.gov/archive/olp/colmconnollyresume.htm>

Compounding all this is the fact that Paul Roy Traub (*who was Creditors counsel*) replaced me with his

silent partner (Barry Gold).

Michael Glzer was both CEO of Kay-Bee and director of Stage Stores , during Stage Stores bankruptcy.

Barry Gold was Stage Stores executive assistant who hired Traub's firm for Stage Stores bankruptcy.

Romney & Bain Capital owned & controlled Stage Stores.

Traub moves over to work as Mattel's Creditor's Attorney and then he plants Barry Gold into eToys after MNAT forges my resignation to lock me out.

The eToys Judge sanctioned Traub's firm for \$750,000 for that crime of - __*planting*__ - Barry Gold in as eToys new President/ CEO; when Barry Gold was partner of Traub's.

MNAT also was sanctioned by the court!

All efforts to detract from these numerous - serious crimes - to make the primary arguments that its okay to victim bash Laser Haas - is *__Obstruction of Justice- BULL SHIT*__

MNAT was benefiting from Perjury when MNAT illegally had the Books & Records of eToys Destroyed in the very 1st month of the 14 year case.

http://petters-fraud.com/MNAT_Motion_Destruction_Books_n_Records.pdf

Basically, the bashers are arguing that it's okay for the crooked, crony, corrupt Colm Connolly to serve as judge over BCG suing GME; because they don't like Laser Haas.

Isn't it telltale that the bashers don't want you to discuss the merits of the case; because they all want to bash & shun me?

Can anybody doing such even remotely, possibly be, an APE?

Facts are just sayin.....
