Hi,

I'm looking to DRS some GME shares, I'm international and submitted the transfer from my broker about a week ago. I was trying to call Computershare to ask for my account number or if that fails to expedite the account setup (\$45 express mail I think).

Can anyone tell me what number I should call and what hours I can speak to a human. I've tried 800 522 6645 and keep getting a useless automated service.

Thx
