We went through months and months of telling people not to use margin accounts in our brokers, then we discovered computershare, pushed for it.

Then came pickle man who said options is key to MOREASS, convincing people to use margin accounts to play options and spreads FUD on DRS.

REALLY?? APES FELL FOR THAT???

LIKE WHAT THE FUCK???? i truly believe that CS count would be higher if all the FUD on options and giving people multiple dates to hype on option chains was shut off. Peeps didnt DRS because they were afraid MOREASS would kick off due to options while they DRS-ed and was stuck inbetween transfers

STOP MAKING IT COMPLICATED, IT REALLY IS NOT. I LOVE GME AND ITS A HILL I WILL TAKEOFF ON.

BUY, DRS, HODL, BUY MORE FROM YOUR CS ACCOUNT AND HODL MORE.
