Funny How That Works

Florida Gov. Ron DeSantis has been discouraging masking and downplaying Covid vaccines -- the best, most effective way to protect people from Covid -- and has instead suddenly started urging Floridians to use Regeneron's very expensive monoclonal antibody treatment *after* getting infected.

You'll be amazed to learn that the second-largest investor in Regeneron is Citadel Investment Group -- whose billionaire CEO, Ken Griffin, just happens to be Ron DeSantis's **NUMBER ONE POLITICAL DONOR.**

What an incredible coincidence!
