Yep. If there is a cash debit on the account at all we are unable to do DRS transfers. Your account is currently showing a debit of 123.17 for your purchase yesterday but you have funds in the account to cover that so I am not sure why it is showing the debit. Give me a moment to find a fix

Can I be transferred to your corporate compliance officer

Unfortunately we can't do that over chat. Fortunately I was able to find a work around for the debit. Since you have the cash in the account to cover the debit I can just over ride the issue. just had to check with a manager first. Does that sound ok?
