Hi everyone, bob here.

I wanted to quickly share a recent DD Collab I did on GME called A compendium of wrinkles.

I, and several other wrinkles worked together to create this 27 page document that reviews some key terms and provides some market mechanics knowledge in part1, and then takes a look at several cycles Dad's and how they pretty much line up together

If you missed it, please have a look and let me know your thoughts. And if you have any questions, I try to answer everyone that isn't just being an asshat.
