Ryan Cohen is fighting a tough fight. He's very smart, so is Larry.

The Maxine Waters report depressed me so much but I remembered the marketplace is due by July 29th.

I think the marketplace might help but I think the split dividend is how we get KG and all the other hedgies.

It's ok if you have your doubts but I'm not looking for negative Nancys, because us apes have enough negativity in our personal lives.

Why do you apes think the split dividend will cause our M0A\$\$?

If you don't, that's fine but don't put anybody down.

We are all in this fight together.
