Things are getting real! Serious and backed by huge amounts of money. I don't believe posts and anyone we have relied upon for DD. When in doubt? Zoom out! Exactly... At the beginning I read, buy, hold, drs... and thats it.. I believed then as I do now! Fuc all the bullshit and theories and blah blah blah.. I bought mine! I am holding mine, I drs'd mine, and now I wait till I SEE the rocket flying high.. The amount of money against us is massive. All options are open for manipulation and greed. I will wait... with mine... locked up and secure! I will pay my taxes and love the rest... long term and patients wins this race.. last person standing gets to smile. Not shaken or lead astray.. the soldiers prevail and drink to glory, while the others scramble as they take losses. Money and pride will not lead me wrong, as I know when the end comes? There will be more than I require. Bang your chest like the strong ■ you are! Do your thing and wait... like the best poker player holding the nuts. I trust no one! Except the shares in my name.... Period... (mic drop) Gamestop!
