Tags \$GME whenever talking about \$AMC

The AMC Holdoor

"What's a Chewy? Whatever, Irrelevant."

"Yeah but \$AMC is

more affordable."

Thinks "Market Cap," "P/S Ratio,"
"FCF," "Balance Sheet" are
meaningless nerd words

Doesn't believe in downside

protection based on fundamentals

because "what are those?"

Afraid of "elitist" \$GME shareholders "causing divides" bish they never said buy \$AMC lol

"Ape no fight ape!"

Thinks \$GME-only apes are in the red

"\$GME apes are just jealous we're in the green"

Lacks the self-awareness to realize that literally all of the \$AMC ape lingo was lifted from \$GME apes

Somehow thinks trading on high volume and high liquidity is a better setup for a squeeze

Thinks a pivot into literal popcorn is more bullish than a pivot into e-commerce

Took \$GME shareholders' ironic retardation and produced unironic retardation Time in stock market: since Jan

Believes TA isn't just astrology for middle-aged men

No idea what "pair trading" or "StatArb" are, believes stock correlation necessarily indicates some underlying relationship

Experience getting hoodwinked by sly executives: 0 (soon 1) I take that back they've already been hoodwinked but the Stockholm Effect is too strong

Unironically believes a team stacked with MBAs is a good thing

> "The great silverback is so transparent! Unlike your secretive do-nothing RC!"

Thinks it's bullish when a near-retirement CEO sells literally ALL of his vested shares

"I hold both!"

Convinced to sell \$GME because "the community wasn't as welcoming" rofcopter why self-sabotage tho
