Just gonna put this out there. If RC wants to issue the GME dividend shares in the form of an NFT, I own the rights to StonkyKongz.com and I have experience creating generative PFP art (what 99% of NFTs are right now). I would gladly hand over the rights to StonkyKongz.com to GME right away. OR, even better, quit my full time design job to make these StonkyKongz NFTs for my fellow apes and future of GMErica!
