Name & Signature Date

Hi Mark,

Thanks for reaching out. For an outgoing DRS to Computershare, we need the letter of instruction from Computershare as well as the Webull account. The attachment or Word Doc must be signed. And please specify your Webull account name and account number, the security and the exact number of shares to be transferred so that we could offer you further assistance. Each DRS is \$115 per security, which must be in the Webull account as available settled cash. Thank you for your understanding.

Sincerely, Rick Webull eService Representative
