hey, RC's most recent tweet ('69') got me thinking... gamestop nft's site used to host a wikipedia version from 2016. I figured it is (was) for testing purposes. strange about it is, it is gone now. trying to access it now results in error: "*Not found - ERR_ID:00006* "

according to waybackmachine the site was up and running until (at least) 23 Jan 2022 - less than a week ago.

If someone has some wrinkles to spare, maybe you could make connections to RCs 69-wikipedia tweet !?
