Hello, fellow apes ■■

It has been some time since I DRS'ed GME shares and received a paper confirmation from ComputerShare; however, I have not been diligent in posting the actual paper anywhere on Reddit. Would any of you wrinkled brained individuals be willing to take the time to instruct me on what steps to take? While I do not have the means to post on SS, but I do believe I should be able to post on this sub. Should I post on any other subs? Also, what pieces of information am I supposed to cover up on the paper? So many Redditors have posted pictures with random items scattered on varying areas, so I am not sure what I am meant to cover or leave visible.

TL DR; which subreddits should I post a picture of my CS DRS confirmation letter and what parts of it? ✉■

Much love, DRS and HODL, and Merry Christmas ■
