Hi all,

Massive smoot-brain here late to the Gme DRS party :'(

I've been following this guide to initiate my DRS process. However, I stumble across 2 problems:

1. I can't generate a cost basis document as it says: " You do not have any transactions eligible for a cost
basis update." I did however wait 3 days to let the shares settle :p Whatever that means :)
2. I don't get the option to select DRS under 'outgoing' as mentioned in step 2

HALP
